Loved ones fear that Kim may wind up gaining 70 lbs. by her delivery date. “I hate the whole feeling of being pregnant,” she said — but not enough to stay home!

**TOES IN  
TORMENT!**

# Kim 52 LBS. & COUNTING!

HUNGRY FOR ATTENTION, KIM KARDASHIAN CAN'T STOP TALKING — AND TWEETING — ABOUT HER BABY WEIGHT.

**DENIED!**

Kim wants to try fad diets while pregnant, but “her mom and Kanye told her no way!” says a Kardashian intimate. “Her anxiety is through the roof right now.”

**O**N Nov. 10, six weeks before Christmas Day — **Kim Kardashian's** due date — the 5'3" reality star stepped off her scale and straight onto Twitter. “Ok I’m 52 lbs up today....and I still have 6 weeks to go! I got my work cut out for me!!!!” she posted, alluding to the weight she has to drop once her son with husband **Kanye West** is born. After the humiliation she reportedly experienced during her pregnancy with North West, in which she gained more than 55 lbs, one would think she might choose to keep a low profile this time around. But insiders say she’s as worried about losing the limelight as she is about losing the added pounds.

“The only reason Kim is blasting her weight gain to the world is because she’s so desperate for attention,” says an insider. “I mean, look at how she dresses!” With so much media focus on sisters **Khloé**, because of her estranged husband **Lamar Odom's** overdose, and **Kendall's** Victoria's Secret debut — not to mention mom **Kris's** 60th birthday bash and dad **Caitlyn's** award for *Glamour's* Woman of the Year — Kim feels like an also-ran. “She’s used to being the star. Throwing a pity party is an attempt to get some eyes on her,” the pal laughs.

Even while she’s freaking out, Kim, 35, is trying to undo the damage prior to giving birth. “She wants to cut back to only 600 calories a day,” a source says. While doctors recommend gaining no more than 35 lbs. during pregnancy, dieting this close to delivery could be dangerous for Kim and the baby. “Kim knows this, but she’s petrified by how much she’ll weigh when she goes into labor — at the rate she’s going, she could be up by 70 lbs, especially with the holidays coming,” explains the insider.

So now she’s on a roller coaster of deprivation and overindulgence. “She’ll go awhile with no sugar and then binge,” says the source. “She’s in such a panic about her body, she spends all her time talking about her weight or looking at herself in the mirror. She’s absolutely obsessed.” ★

# BOTOX FOR BEN!

GIRL-NEXT-DOOR TYPE JENNIFER GARNER MAY BE GETTING PROCEDURES TO REBOOT HER ROMANCE WITH BEN AFFLECK.

**E**VERY Hollywood actress wants to look her best, but loved ones wonder what's behind **Jennifer Garner's** sudden quest for youth and beauty. When Jen was snapped on her way to the gym recently, her brow had the frozen, surprised look of someone who's just had Botox — and the buzz is, she did it for her marriage!

The 43-year-old star and her estranged husband, **Ben Affleck**, 42, have been in each other's company quite a bit lately, so Jen's efforts to keep both face and body in top shape could well be an attempt to keep

him interested. "Jen is on a mission to look picture perfect," a source close to the star says. After all, Christine Ouzounian, the nanny with whom Ben reportedly carried on an affair, is some 15 years younger than Jen. Yet what's disconcerting to friends and family is that the mom of three's claim to fame has always been her natural appeal.

"She'd never admit to having work done even if she did," says the insider. "But for her to get injections to fight the aging process seems out of character." In the past, Jen adamantly shot down rumors that she's had fillers in

her lips, insisting that her pout "is real."

In addition to hoping to regain Ben's affections, Jen's hardcore workouts, strictly healthy eating and possible "cosmeceutical" procedures may be in the interest of better roles. Though she's consistently cast, she hasn't carried an A-list movie since squeezing into that red leather cat suit for 2005's *Elektra*. As the source puts it: "She wants to turn back the clock on her relationship, her career and her appearance." ★

Jen started hitting the gym with a vengeance when she split from Ben. But has her desire to look younger moved from her body to her face?

# Justin Going Country?

Is **Justin Timberlake** trading “Suit and Tie” for a Stetson and boots? The singer has been turning up at a variety of Nashville awards shows, most notably duetting with country’s new It Guy, **Chris Stapleton**, at the CMAs, and *Star* can reveal that Justin is planning to leave pop behind for some boot-scootin’ boogies!

“He’s enlisted the help of a few top country singers,” said a friend of the Memphis native. “He’s nervous about the public perception, but he’s a country boy at heart, and it’s something he’s always wanted to do.”

Justin has admitted in the past that he’s interested in switching genres, saying, “I still got my eyes on a Best Country Album. There is time for that.” Now he’s finally ready to put his plan into action. “He’s really excited,” adds the pal. “It’s something he’s been passionate about doing for a long time.” Giddyup! ★

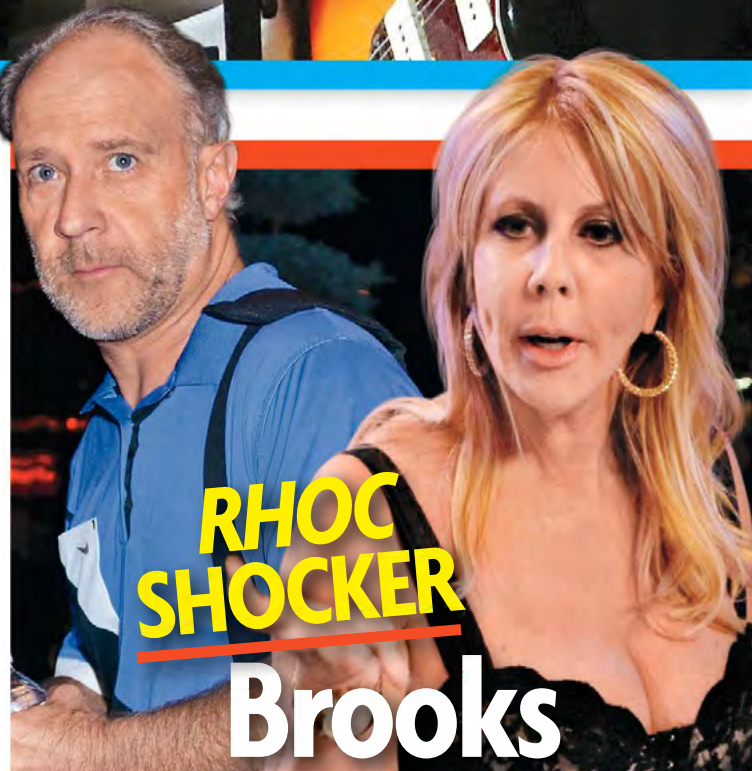

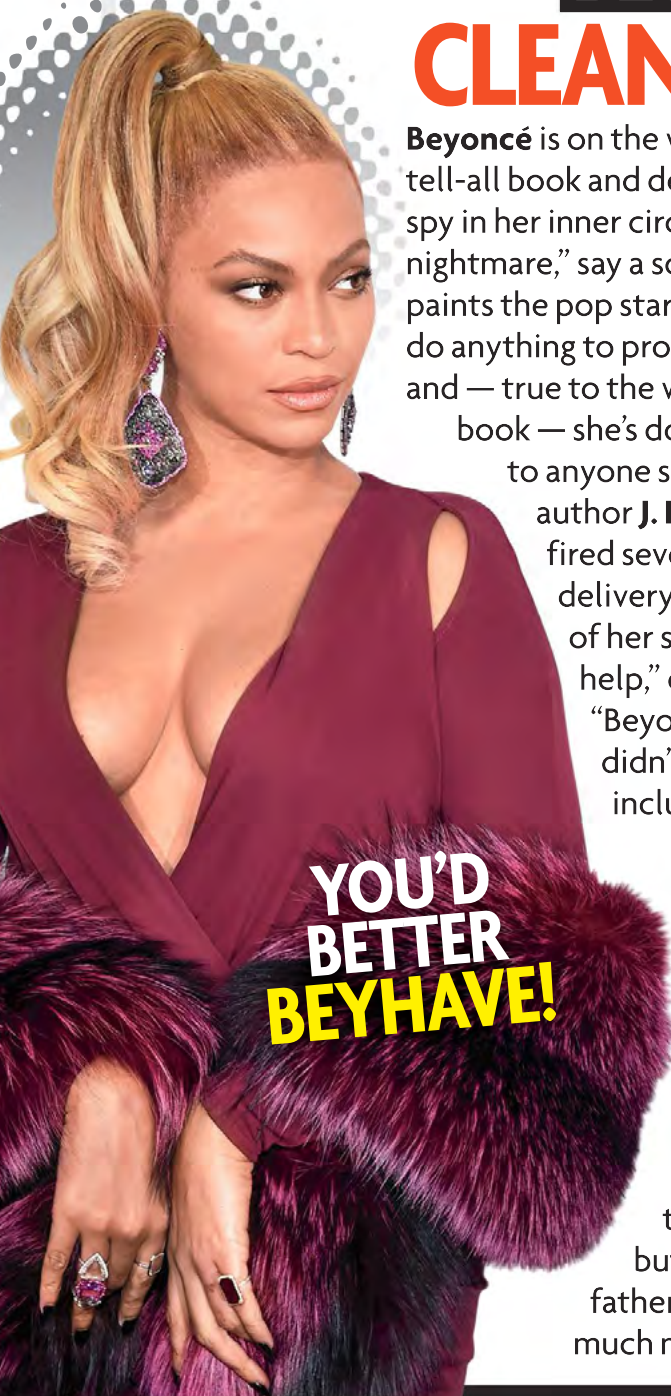

## BEYONCÉ CLEANS HOUSE

**Beyoncé** is on the warpath over a new scathing tell-all book and determined to ferret out a spy in her inner circle. “The book is her worst nightmare,” say a source. *Becoming Beyoncé* paints the pop star as a paranoid tyrant who will do anything to protect her “Flawless” persona, and — true to the way she’s portrayed in the book — she’s doling out pink slips to anyone she suspects of helping author **J. Randy Taraborrelli**. “She fired several of her staffers, from delivery men to cooks to members of her security detail and cleaning help,” discloses the insider.

“Beyoncé got rid of anyone she didn’t trust 110 percent, and that includes her dad.”

The loose-lipped **Matthew Knowles** often embarrasses his daughter in interviews, even recently insinuating that the 34-year-old lies about her age. “Beyoncé has completely cut her dad off,” adds the insider. “Even before the book, they were on shaky ground, but now Beyoncé and her father’s relationship is pretty much nonexistent.” ★

YOU’D

BEYHAVE!

RHOC

## Brooks COMES CLEAN

The moment of truth: After the *Real Housewives of Orange County* cast accused **Vicki Gunvalson**’s boyfriend, **Brooks Ayers**, of lying about his stage III non-Hodgkin’s lymphoma diagnosis, the Bravo star provided the crew with copies of his chemotherapy bills from City of Hope hospital. The only problem? They were fake. And once the cancer center confirmed that Brooks was never a patient, he had no choice but to confess. “Words cannot express the deep regret that I have in fabricating documents to ‘prove’ to the world that I, in fact, have cancer,” Brooks told *E! News*. “What I did was wrong and inexcusable.” However, he’s still sticking by his story! “From this day forward, my own personal journey with this disease will remain private,” Brooks explained. Yeah, try telling that to the camera crew. ★

# ADELE'S SUPER BOWL STAGE FRIGHT

Adele's wrenching tunes are the perfect soundtrack to your awful breakup...but football? Sources confirm that **Bruno Mars**, who's been tapped to perform at Super Bowl 50 in February, is trying to convince the British ballad queen to join him for a duet! "Bruno has spent the last month pitching her about making an appearance," dishes the source, explaining that the halftime show will feature past performers as well. "The NFL has made it clear that they will do whatever it takes to get her on board."

But while most celebs would be holding out for a huge payday, the insider reveals that Adele's concerns have nothing to do with cash. "Her stage fright is holding her back," says the source. The "Hello" singer has said in the past that she routinely throws up before concerts. "This would be the biggest stage ever, and it's not about the money but whether she can convince herself that she can do it!" ★

# JOHNNY **VS.** LEO OSCAR WAR

**Leonardo DiCaprio** and **Johnny Depp** are in a gold rush — Oscar gold, that is. Each leading man is determined to outdo the other on Hollywood's biggest night and walk away with the Best Actor trophy. Leo — who has been nominated for the Oscar four times but has never won — stars in the forthcoming 19th-century epic *The Revenant*, his grittiest role yet. "Leo is so hungry for the Oscar that he can practically taste it," shares a spy. "He sees Johnny as his only real competition."

Johnny won rave reviews for his portrayal of Boston gangster Whitey Bulger in *Black Mass*, but he's tried to say that nabbing an Academy Award isn't even on his radar. "I don't want to win one of those things ever," Depp has said. "The idea of winning means that you're in competition with someone, and I'm not in competition with anybody."

But Leo isn't buying Johnny's nonchalance, and is viewing the veteran actor as his main competition. "Leo has been trashing Johnny's flops, like *The Lone Ranger* and *Mortdecai*," dishes the industry mole. "This goes all the way back to when they both starred in *What's Eating Gilbert Grape*, which Leo feels he carried." ★

# FALLING STARS

Mirroring the unpredictable psychosis of many of his movie characters, **Jack Nicholson** has been rattling the nerves of some local golfers, who have begun to notice his baffling and peculiar behavior. "He's a very quirky guy," observes a regular golfer at a Los Angeles area course the actor frequents. "One time I saw him driving the golf cart around, and he kept yelling, 'I can't take it anymore,' over and over."

As notorious for his outbursts and boisterous rants as he is for his philandering, the actor has also shown a blatant lack of respect for the club and its employees, once telling a manager to "go f\*\*k yourself" after she politely asked him to put out his cigar, which he promptly did — right on the carpet! Is that really as good as it gets? ★

## JANICE'S GROSS GYM BEHAVIOR

Long after retiring from the catwalk, self-proclaimed supermodel **Janice Dickinson** has made a career out of shocking behavior. But she took things too far when she decided to use the Equinox gym locker room for a very private grooming session.

"Janice put one leg up on the sink and began to shave her lady parts!" recalls a horrified gymgoer at the West Hollywood fitness center. "I was in complete shock that she'd do it in front of people, but she didn't seem to mind." So much for model behavior... ★

# FLIRTING WITH HER CHAUFFEUR!

**Is Caitlyn Jenner ready to date again? According to sources, the transgender reality star is trying her hand at picking up a man.**

**T**O celebrate her first birthday as a woman, **Caitlyn Jenner's** children put together a little lunch on Nov. 11 — one day before she turned 66 — at the Vila restaurant in Woodland Hills, Calif. Only, it wasn't **Kylie Jenner, Kourtney Kardashian** or **Kim Kardashian's** stylish entrance that caught one eyewitness' attention. It was Caitlyn's affectionate (and rather flirty!) behavior toward her tall, dark and handsome — male — chauffeur.

“Caitlyn was blushing, giggling and even went in for a big hug and birthday kiss from her driver,” an eyewitness tells

*Star*. “Bruce would have never done such a thing, but Caitlyn didn't even bat an eyelash.” Five months after the reality star's transition from male to female, insiders tell *Star* that she is ready to explore her attraction to men!

“Caitlyn has never had a relationship with a man, so this is all very new and exciting for her,” says a source.

At first, it was uncertain whether **Kris Jenner's** ex-husband would continue dating women after reportedly undergoing total gender reassignment surgery. (Before going public with her desire to become a woman, the

Olympic legend, formerly known as **Bruce**, fathered six children with his three ex-wives.) But now that she has grown comfortable in her own skin, sources claim, the *I Am Cait* star has set her sights on finding herself a handsome gentleman.

“Caitlyn has been very coy about it. Whenever someone points out her flirtatious touch with the men she meets, she acts like it's nothing,” reveals a close family insider. “She's a bit nervous, so she's taking her time. After all, Caitlyn's never tried to pick up a guy before.” ★

# Angie & Brad TREADING WATER

When asked about tackling the story of a relationship coming apart at the seams, *By the Sea*'s **Angelina Jolie** admits that she's more comfortable making war films. "Not that marriage can't be a little like that," she demurred. And now that the marital drama bombed with critics, *Star* has learned that life is starting to imitate art for Angie, 40, and her husband, **Brad Pitt**, 51. "Brad can't stop cringing," says a source. "He feels humiliated. He never wanted to do this film, but Angie kept twisting his arm." Worse yet, the once tight-lipped couple are stuck on a lengthy promotional tour, forced to deny that the script is autobiographical in nature while also offering unprecedented access into the struggles they face within their own marriage. "Brad thinks Angie has let the fame go to her head," says the source. "The last thing he wants to do is air their dirty laundry, but that's what they spend their days doing now, and it's starting to spill over at home." For a front-row seat to the fight, just buy a ticket. ★

**ABANDON

"They held hands all night," says a source.

## Selena's NEW MAN!

The heart wants what the heart wants. And on Nov. 9, all **Selena Gomez** wanted was to grab dinner with her handsome new beau, **Samuel Krost**, at New York City hotspot Cipriani. "They couldn't keep their hands off each other," reveals an eyewitness. "At one point, Selena sat on Samuel's lap and wrapped her arm around him." As for how the singer, 23, met the 22-year-old sales and marketing

executive? It was **Gigi Hadid** who introduced the two! "Selena was so tired of dating celebs because all they do is bring her drama," says a pal. "Gigi was thrilled to play matchmaker and Samuel was the first person to come to mind. He's so down to earth and exactly what Selena needed after her **Justin [Bieber]** nightmare." ★

## Joanna & Andy IN THERAPY

The show must go on, right? Well, according to sources, this year's Emmys host, **Andy Samberg**, is having a hard time letting go after the awards show's disastrous ratings — a 20 percent decline from the previous year — were made public. "It was embarrassing, especially for Andy, who put in almost three months getting ready for this gig," says a source. "He's taken it really badly. It's like he's lost all his confidence." So much so that the *Brooklyn Nine-Nine* star, 37, has even considered a career change, despite harpist wife **Joanna Newsom**'s best efforts to coax him out of his slump. "Joanna has tried everything from self-help books to therapy with their local rabbi," says the source close to Joanna, 33. "She thinks if Andy starts talking about how he's feeling, it'll help him get past this hiccup in his career. He's too talented to throw it all away." And the award for Most Supportive Wife goes to... ★

Beek and his wife, Kimberly, are expecting their fourth child together.

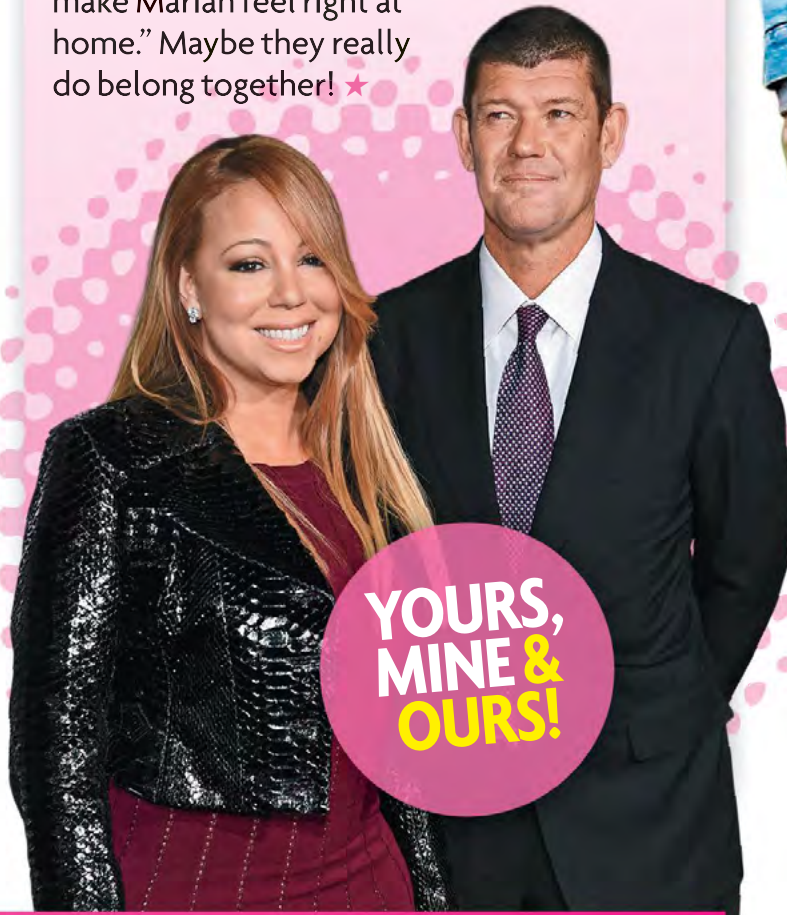

# Kris & Corey ENGAGED?

**RINGS FOR RATINGS!**

**J**UST days after celebrating her 60th birthday, **Kris Jenner** and **Corey Gamble** may have yet another reason to keep the party going. On Nov. 11, the momager and her much-younger beau, 35, were spotted in Los Angeles wearing rings on *that* finger. But before fans send in their best wishes, sources tell *Star* the couple's his-and-her "engagement" rings reek of a ratings ploy. "With viewers losing interest in *Keeping Up with the Kardashians*, Kris has been scrambling to save her family's sinking reality series," reveals an insider. And who doesn't love a wedding? "Kris bought them both rings to wear when photographers are around. The fact of the matter is, she will do anything for attention," says the source. "Right now, she's testing the waters to see if the public is interested in seeing her tie the knot before she puts her plan in place." As *Star* previously reported, Kris has already allegedly conceptualized the whole moneymaking marriage, from a wild bachelorette party in Las Vegas to a romantic sunset ceremony in Malibu. And that, folks, is why they pay her the big bucks. ★

# Mariah MOVES IN WITH JAMES

Well, that was quick. After just five months of dating, **Mariah Carey** has packed up her \$15 million Malibu mansion and moved into **James Packer's** estate minutes down the road. "Everybody thinks they're moving way too fast," says a source close to the singer, 45. "But according to Mariah, when you know, you know." And while most couples battle over what stays and what goes, when your Australian boyfriend, 48, has got billions in the bank, why not start from scratch? "Mariah wants to gut the place from top to bottom," reveals the pal. "And James has no problem cutting her a blank check. Whatever will make Mariah feel right at home." Maybe they really do belong together! ★

## Jason's WILDE JEALOUSY

Olivia Wilde and Alexander Skarsgård might just be old pals, but that hasn't stopped **Jason Sudeikis** from wondering if there isn't more to their flirty friendship. "Jason has seen Olivia and Alexander arm in arm a few times now, and it makes him nervous, especially since they're living apart at the moment," says a source close to the actor, 40, who has been doing voice work in Vancouver for the *Angry Birds* film. "He knows Olivia loves him, but Jason's biggest fear is that after four years together, she'll start to get bored." While friends insist he's overreacting, Olivia, 31, has done nothing to help put Jason's mind at ease. After schmoozing with Alexander on Oct. 24 at the Savannah Film Festival, the actress couldn't stop raving about her run-in with the *True Blood* hunk. And who could blame her? ★

## Adam & Behati's BABY BATTLE!

Earlier this year, when **Adam Levine** revealed that he and wife **Behati Prinsloo** were going to try to start a family by next spring, no one could believe how far the rocker, 36, who'd once sworn off marriage altogether, had come. However, since then, sources tell *Star* that Adam's fears about fatherhood have him hitting the snooze button on Behati's biological clock. "She got suspicious once Adam started filling up his schedule for next year," says a source close to the model, 26. After taping season 10 of *The Voice*, the Maroon 5 frontman will hit the road for a lengthy tour in North and South America. "Adam's made it so he won't be home much. Behati thinks it's because he's gotten cold feet, but she's holding him to his promise," says the pal. "This tour had better be his last hurrah!" ★

## High Price of Paradise

A week at the Four Seasons Resort Bora Bora, in the South Pacific, easily cost Jen and Justin \$50,000. "But the money is not an issue," says a source close to the couple. "Jen would spend it a hundred times over if it could bring back Carmel."

# WAS IT MU

### Survivor Guilt

Justin and Jen left Bora-Bora two days before Carmel was found dead, but the tragic news still left them reeling. "Jen knows she can't blame herself for what happened," the insider says, "but she'll have a hard time shaking that feeling."

REALITY!**

CARMEL MUSGROVE DROWNED MYSTERIOUSLY WHILE CELEBRATING JENNIFER ANISTON'S WEDDING TO JUSTIN THEROUX — AND HER FAMILY SUSPECTS FOUL PLAY. WHAT REALLY HAPPENED ON THE TOP-SECRET, STAR-STUDED HONEYMOON?

**“Carmel’s

to get the  
truth!”**

— a friend tells *Star*

**GEDY**

**RDER?**

### The Victim

Aspiring producer Carmel (right) was Joel Silver’s assistant for three years. In a statement, the *Matrix* producer (below) said he was “devastated” by her death. “Carmel was a dear friend and respected colleague with a very bright future ahead of her,” he said.

**A**LWAYS loyal to their friends, **Jennifer Aniston** and **Justin Theroux** celebrated their Aug. 5 wedding by inviting dozens of their nearest and dearest to join them on their ultraextravagant honeymoon in Bora-Bora. A-list guests from **Jimmy Kimmel** to **Courtney Cox** flew to the luxurious Four Seasons Resort on the French Polynesian island the day after the star-studded nuptials, and tagged along with Jen and Justin to yoga lessons, swimming sessions and festive group dinners.

The joyous atmosphere was shattered, however, when one of their honeymoon guests, Carmel Musgrove, was found dead in the early hours of Aug. 20. The 28-year-old California native — an assistant to superstar producer **Joel Silver**, who also brought his family and other staff members with him to Bora-Bora — had apparently gone for a swim the previous night and disappeared. Her naked body washed up on the beach hours later.

While local authorities attributed Carmel’s death to an accidental drowning, her family suspects foul play. Now, as an independent investigation searches for answers, all

the honeymoon guests — and Jennifer, in particular — have been struggling to come to terms with the promising young assistant’s shocking demise. “Knowing Jen, she’s asking herself, ‘What if — ? What if she hadn’t invited Joel and the others to come on their honeymoon?’ ” says a source close to the actress. “She probably feels guilty because if it hadn’t been for them, Carmel never would have been there.”

### THE FAMILY REACTS

When news of Carmel’s death reached her family in San Diego, they flew to Bora-Bora immediately. There, they learned that local officials were investigating the case, with the cooperation of the resort’s staff. According to Brad Packer, the Four Seasons’ public-relations director: “Once we became aware of the matter, we contacted emergency services, who began their search and investigation. We worked closely with local authorities through this process, as they handled and closed this case.”

The autopsy found alcohol, marijuana and cocaine in Carmel’s system, as well as a few bruises and abrasions on her body. While French Polynesian officials ruled the death accidental, Carmel’s family questioned how deeply they had looked into the case. After all, the island is small and presumably doesn’t see much crime. Then there are the Hollywood power players who were vacationing with Carmel and the high-end hotel — all of them might incur negative publicity if questions about the young woman’s death were to arise. Given the limited media attention the case had received, many wondered if something was being covered up.

Carmel’s bereaved parents, Ron and Ann Musgrove, flew their daughter’s body back to San Diego and hired famed forensic pathologist Dr. Michael Baden to launch an independent investigation into her mysterious death. “Carmel’s parents are afraid that she may have been assaulted before her swim, or maybe even murdered and then dumped in the ocean,” says a family insider. “They are determined to get the truth behind their daughter’s death.”

### JEN’S DILEMMA

The presence of cocaine and marijuana in Carmel’s system presents a problem for Jen, Justin and their honeymoon ▶

## Away From Prying Eyes

Even with several friends at the resort, Jen and Justin enjoyed plenty of alone time in Bora-Bora (pictured). She remained secretive about the honeymoon afterward. “We were determined to keep it just private and to ourselves,” Jen said.

**FIRST DAYS  
OF MARRIAGE**

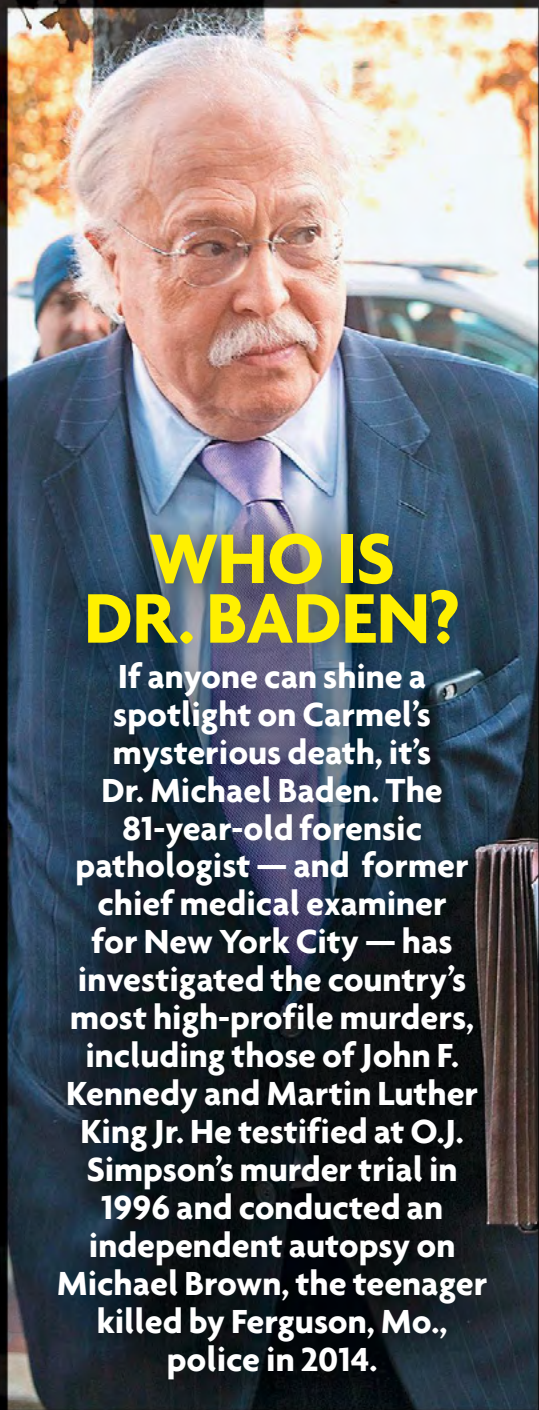

# “The investigation might reveal **secrets from Jen’s private life!**”

— a friend tells *Star*

## WHO IS DR. BADEN?

If anyone can shine a spotlight on Carmel’s mysterious death, it’s Dr. Michael Baden. The 81-year-old forensic pathologist — and former chief medical examiner for New York City — has investigated the country’s most high-profile murders, including those of John F. Kennedy and Martin Luther King Jr. He testified at O.J. Simpson’s murder trial in 1996 and conducted an independent autopsy on Michael Brown, the teenager killed by Ferguson, Mo., police in 2014.

guests. Investigators will want to know where she got the drugs: Did someone from the honeymoon party fly them in on a private jet — and if so, how did they get them past customs officials? Did other members of the group give Carmel cocaine or take it with her? If so, others could be implicated in her death, as the drugs likely contributed to her drowning.

While Jen, 46, and Justin, 44, weren’t on the island when Carmel died — they left Bora-Bora on Aug. 17, more than two days before her fateful swim — they may have cultivated a party atmosphere at the resort. As Justin put it, when explaining why he and Jen asked pals to join them: “We could just do a normal honeymoon, or we could go with some friends, keep the party going, relax and have fun.”

Both stars have histories of drug use too. Jen has admitted to smoking marijuana and even dated a reported

“cocaine fiend” (British model **Paul Sculfor**, who went to rehab for his habit in 2004) in 2007. Justin reportedly has a darker drug past: Sources say that he battled cocaine and heroin addictions some 15 years ago, though he has since cleaned up his act.

During the course of the Musgroves’ investigation, Dr. Baden and his team might interview those present at the resort, from hotel employees to other guests — a prospect that makes Jen and Justin uncomfortable. “We had the... luxury of having a beautiful, private moment,” Jen told a reporter who asked about her top-secret wedding and honeymoon recently. “And I’m going to be selfish and keep it that way.”

“Of course she wants to keep their honeymoon memories private, but she understands that details may have to come out, to help determine what happened to Carmel. Jen won’t try to

fight that,” the source says. “But she is worried that the investigation might reveal other secrets from her private life. She’s putting on a brave face, but Justin knows she’s stressed. He’s doing all he can to take her mind off it.”

#### IS IT A BAD OMEN?

Even more devastating to Jen than the threat of her private life being exposed, of course, is the tragedy that befell Carmel. “Jennifer just feels so bad for Carmel’s family,” the source says. “But she knows there’s nothing she can do to ease their pain.”

Jen even knew Carmel personally and considered her a “sweetheart,” according to friends. “She would talk to Carmel about producing and where she wanted to take her career,” the source adds. “She had offered to help her in any way she could. Now she’ll never get the opportunity.”

Three months after Carmel’s untimely death, Jen still seems to be reeling from it. Friends are concerned that the *Cake* actress may, in fact, believe that the young woman’s passing bodes poorly for her marriage to Justin. “It certainly isn’t the way anyone wants to begin married life. She hopes it’s not a bad omen,” the spy says. “Their honeymoon should be filled with happy, romantic memories, but now there’s a dark cloud hanging over it.”

And as Dr. Baden and Carmel’s family try to determine whether her mysterious end was the result of an accident or if it was, in fact, murder, Jen can’t help but wonder if she could have done anything to save the aspiring producer. “She’s questioning everything now,” the insider says. “She says that what happened to Carmel could have happened to any one of their guests.”

“The sad reality,” the source adds, “is that Jen’s fairy-tale wedding, which she waited so long for, has been eclipsed by this gruesome nightmare.” ★

## WHO ELSE WAS THERE?

While it’s unclear how Joel Silver knows Justin and Jen, many of the couple’s closest pals joined them in Bora-Bora. These stars made the honeymoon trip — and may be questioned about Carmel’s death.

**Courteney Cox**

Of course Jen’s *Friends* costar — and maid of honor — made the trip.

**Tobey Maguire**

Tobey’s wife, Jennifer Meyer, designed the couple’s wedding rings — and later Instagrammed the Bora-Bora beach.

**Jason Bateman**

Jason and his wife, Amanda Anka, are longtime friends of Jen’s.

**Chelsea Handler**

Jen’s most outspoken gal pal, comedienne Chelsea, is always up for a tropical getaway.

**Jimmy Kimmel**

The late-night host and his wife, Molly McNearney, often vacation with Jen and Justin in Mexico, so it’s no surprise they tagged along on the honeymoon too.

DID SHE STEAL HER HUSBAND  
AND HER STYLE?

# KNOCKOFF NANNY

## Double Take

Mindy sported the same outfit as Gwen — complete with a matching ponytail and sunglasses.

FANS were shocked when news broke that **Gwen Stefani** and **Gavin Rossdale** were splitting after 13 years of marriage — and even more shocked when they learned the reason: another woman. But now there's even more cause to be alarmed, as it's become evident that the alleged adulteress — the couple's longtime nanny, **Mindy Mann** — had been creepily copying the singer's signature rocker-chic style. In a shocking series of photos that Mann posted on social media, the twentysomething Australian caretaker sports look-alike black horn-rimmed glasses, a bandana in her sleek platinum hair and even the same eye-catching jumpsuits.

"Gwen recently saw all the side-by-side comparison photos, and she was absolutely disgusted," dishes an insider. "She's starting to believe

that Mindy has severe personality issues. She copied everything about Gwen — right down to sleeping with her husband!"

Though the singer has had time to process reports of the affair — and is now in the early stages of a relationship with fellow *The Voice* coach **Blake Shelton** — she's reportedly been beating herself up for letting the "loose cannon" get close to her husband, and especially her three children: Kingston, 9, Zuma, 7, and Apollo, 20 months.

"Gwen can't believe she didn't see the warning signs while it was all happening," continues the insider, noting that the nanny mimicked every detail of the musician's eclectic wardrobe. "At the time, she thought some of Mindy's outfit choices were strangely similar to hers, but she took it as a sign of flattery, not as a single white female situation!" ★

## Split Personality

They say imitation is the sincerest form of flattery, but an insider says Gwen feels disturbed and even frightened by what she now sees as her former nanny's obsession. "Gwen is a fashion icon — she's used to people praising her impeccable taste," explains the source. "But now, she's realizing that Mindy actually wanted to be her and take her place in Gavin's eyes!"

Both Gwen and Mindy rocked the same messy bun during an outing with the singer's children.

## GAVIN'S NEW GIG

Although Gwen and Gavin have agreed to share custody of their sons — Kingston, Zuma, and Apollo — sources tell *Star* that the "Used to Love You" singer has put her ex-husband on full-time daddy duty since learning about his affair with the couple's former nanny, Mindy Mann.

"Gavin has gone from sleeping with the nanny to becoming one," reveals an insider. "And it's only fair. Considering everything he put Gwen through, it's about time she got to blow off some steam."

On Nov. 5, Gwen flew to Nashville to join her new beau, Blake Shelton, on the Country Music Awards after-party circuit. "We're just trying to have fun, you know?" she admits. "[I'm] literally the party girl that you hear about when their life blows up and you're like, 'Oh, I'm going out! Watch me!'"

on Nov. 1, it seemed as if the two might reconcile. But things aren't always what they seem — especially in Tinseltown. *Star* has learned that the 36-year-old reality star has no plans to take back her boyfriend of

nine years, even though he's clean and sober — and even if he stays that way.

“This time, it's for real,” reveals a source. “Kourtney has forgiven Scott countless times before, but everyone knew there would be a point where she wouldn't be able to. She wants him to get better for the sake of the kids, but his disgusting behavior over the summer was the last straw.”

## Family Support

Kourtney and Kris Jenner brought Mason to visit Scott at the Cliffside Malibu treatment center.

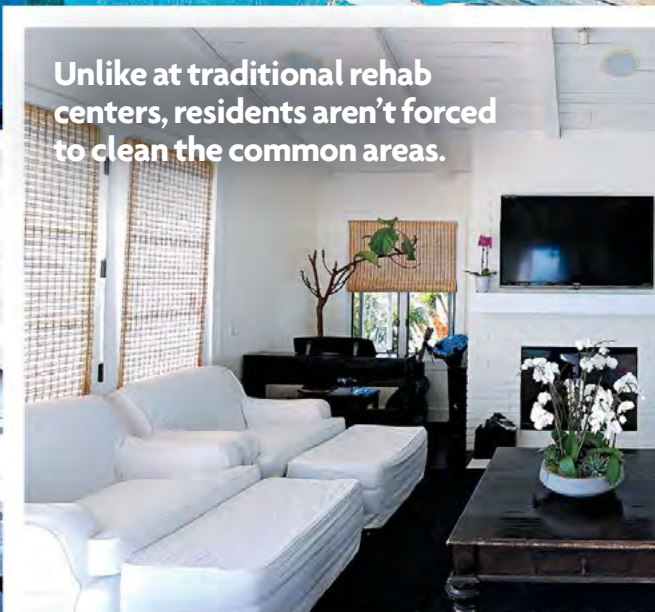

## INSIDE SCOTT'S 28-DAY POSH STAY

Scott got more than group therapy during his nearly one-month stay at the luxurious Cliffside Malibu. Billing itself as “an exclusive sanctuary for drug addicts and alcoholics,” the expansive beachfront treatment facility features panoramic ocean views, gourmet meals and state-of-the-art athletic equipment.

me

The fitness center has cardio machines and free weights.

Unlike at traditional rehab centers, residents aren't forced to clean the common areas.

All rooms have Wi-Fi and 1,000-thread-count Egyptian cotton sheets.

In July, after myriad accounts of him cheating with other women, the self-proclaimed lord, 32, was caught canoodling with his ex-girlfriend **Chloe Bartoli** in the South of France while Kourtney was home tending to the couple's three children: Mason, 5, Penelope, 3, and Reign, 11 months. “She will never forgive him for putting her through that,” continues the source. “She's 100 percent done.”

### THE COLD, HARD TRUTH

Though she's tried to put on a strong front for the sake of her kids, the past few months have taken their toll on the eldest Kardashian. “I'm just literally on the verge of, like, a mental breakdown,” she tearfully told Kim during a promo for the upcoming season of the show. “I've worked so hard to keep this family together. I could never rely on him,

depend on him for one single thing, and I don't want to show my kids that's OK.”

Realizing that he'd hit rock bottom (and that he was likely going to lose unsupervised visitation rights with his kids), Scott completed his stint at Cliffside Malibu rehab center, an impressive feat for the notorious party boy who fled from his two previous rehabs — including the Rythmia Life Advancement Center in Costa Rica — after only a few days.

But good behavior isn't going to cut it this time. “I can't do it anymore. My mind is completely made up,” Kourtney lamented to her sister during the clip. “God just opened my eyes and was like, you need to move on.”

### A UNITED FRONT

To make sure that the transition is as seamless as possible for the kids, both Kourtney and Scott reportedly sat down

with Mason to explain the new living arrangements and reiterate that they're all still a family despite the changes. “Mason was definitely pretty sad, but he seemed calm,” says the insider, noting that Scott struggled to keep from crying. “Being in rehab made him realize how much his family, especially Kourtney, means to him and how he took them for granted.”

Though it's highly unlikely the pair will ever get back together, no matter how many sober chips Scott accumulates, Kourtney intends to remain civil for the sake of their children. “I love Scott, but I've been dealing with this for so long. This is definitely not good for me,” she admitted. “It's not helping anybody to keep living this way, and I feel like this is what we need to try to hopefully better both our lives.” ★

### Teen Steam

Nick was approaching his eighteenth birthday when he and 22-year-old Marissa (plus some of her girlfriends) hooked up in NYC in 1997. Years later, Marissa appeared on ABC's *Wife Swap*.

**Nick Carter**

A REALITY TV VIXEN PULLS BACK THE COVERS AND DISHES THE DETAILS ON HER RACY RENDEZVOUS WITH THE LONGTIME BOY BAND HEARTTHROB TURNED *DWTS* HUNK.

**T**HANKS to his fancy footwork, Backstreet Boys crooner **Nick Carter** has been earning a whole new legion of fans as one of the top contestants on the current season of *Dancing with the Stars*. Now a Las Vegas realtor reveals that when she had a fling years ago with young Nick, it didn't just take two to tango — sometimes it took three, four or five!

**Marissa Gonzalez** was 22 and living in her native New Jersey when she spent three nights of passion with Nick, then just shy of his eighteenth birthday, in a NYC hotel room in 1997. But they were only alone one evening, she claims; the other two nights involved a number of her girlfriends — and another member of the Backstreet Boys. “Nick was insatiable and incredibly sexy,” Marissa tells *Star* in an exclusive interview. “And he was the best kisser I’ve ever had in my whole life.”

## THROWN FOR A LOOP

Marissa says she had never heard of the Backstreet Boys until she saw one of their videos on MTV in August 1997. “I thought Nick was cute, and as luck would have it, they were about to play in Manhattan,” she recalls. Marissa and some girlfriends scored tickets to the show and worked their way toward the stage — where she made an immediate impression on Nick by “throwing my bra at his feet.”

After the show, says Marissa, she and her friends followed the band back

to their NYC hotel, and she managed to introduce herself to Nick in the lobby. “While we talked, he was staring me up and down — my legs, my skirt, making his way up my body with his eyes. It was a very sexy once-over.” After he left the lobby, a bodyguard came over and told Marissa Nick wanted her to come back the next night — and Marissa brought a friend!

“I came back with my friend Lisa, left her in the lobby and was escorted up to Nick’s room alone,” Marissa recalls. “Nick was shirtless, and when we sat on the bed, he pulled me towards him. We kissed, then we made love.” Afterward, she went out to buy more condoms, then returned to his room with her friend Lisa in tow, “and we both made love to Nick.” When she and Lisa were leaving to go home, Marissa tells *Star*, Nick pulled her aside and asked her to return the following night — and to bring a new galpal. “I came back with my gorgeous friend, Anna. While we were making love to Nick, he whispered to me, ‘Marissa, this is perfect. It’s even better than last night!’” The band left town the following day — but that wasn’t the end of Nick and Marissa’s naughty nights.

## THE MORE, THE MERRIER

The Backstreet Boys returned to NYC the following month, and Nick and Marissa got in touch. This time, she says, he told her to come over with *two* girlfriends. “I arrived with Anna and a girl named Marie,” Marissa tells *Star*. “We all made love with Nick, and at one point, he asked Marie and I to make out, so we did. But it felt weird; she and I were friends, not lovers.”

## Three's Not A Crowd

Nick, 35, and his wife of 19 months, fitness expert **Lauren Kitt**, announced during the Nov. 2 episode of *DWTS* that they’re expecting their first child together — and that it will be a boy.

## Fun For Two-Fifths

The Backstreet Boys in 1997 (left to right): Nick, A.J. McLean, Kevin Richardson (in front), Brian Littrell and Howie Dorough. Marissa says that at one point, A.J. joined in the sexual acrobatics between she, her girlfriends and Nick at a Manhattan hotel that year.

Later, claims Marissa, Nick’s bandmate **A.J. McLean** suddenly entered the room “and acted surprised — but he didn’t hesitate in jumping right in to join us!”

## THE BIG BRUSH-OFF

At the end of the evening, Marissa recalls, Nick and A.J. told the girls to meet them the next day at a local McDonald’s — but the singers never showed.

“Listen, I’m not stupid,” adds Marissa, now a 40-year-old married mom of one, who gained some reality TV stardom of

her own when she appeared on the 2013 season of ABC’s *Wife Swap*.

“I knew there would never be anything more, and in the end, I was fine with that. I don’t regret anything we did; I was no groupie, just a young girl on an adventure.

“I haven’t followed Nick or his career at all since then; I haven’t even watched him on *DWTS*. But he seems to have found happiness in his life, and I wish him all the best.” ★

# It's Not Over Yet!

AFTER THE "SUMMER OF THE SPLIT," THESE COUPLES APPEAR TO BE FALLING BACK TOGETHER!

SNAPPING ROMANTIC SELFIES IN PARIS!

## Patrick Dempsey & Jillian Fink

Nearly a year after calling it quits, the *Grey's Anatomy* star and his estranged wife of 15 years were seen holding hands, riding bicycles and posing for pictures together in the romantic City of Light. "Jillian filed for divorce because she couldn't take Patrick's obsession with racing cars — it was driving her nuts and keeping him away from their three children," dishes an insider. "She wanted him to act like a grown-up." And it seems like Jillian's plan worked. After spending time apart, sources say Patrick has changed his Peter Pan-like ways and is fully committed to his marriage and family.

MOVING BACK INTO JON'S HEART?

## Tatum O'Neal & Rosie O'Donnell

Despite reports of a breakup during the summer, Tatum celebrated her 52nd birthday on Nov. 5 with her former girlfriend — and even shared snapshots of the two smiling ear to ear on social media. "Tatum is obsessed with Rosie, but she found it difficult to deal with the nonstop drama in her life," gushes a source. Despite the constant chaos (Rosie has been involved in a very public feud with her daughter Chelsea), the exes haven't been able to permanently cut ties. "They are really into each other," continues the source. "They're determined to make it work."

SOMETHING TO SMILE ABOUT

## UNDERCOVER LOVERS

### Lewis Hamilton & Nicole Scherzinger

With so many clubs to choose from in London, it's mighty interesting that the on-again, off-again duo were spotted catching the same concert at the same intimate London venue on Nov. 6. "Nicole and Lewis break up constantly, but they always end up back together — even it's only for the weekend," explains an insider. "Then they fight, split up and the cycle continues."

### Jon Hamm & Jennifer Westfeldt

Since splitting in September, the former flames of 18 years have been spotted together on both coasts, and it seems like they're more than just good friends. On Nov. 8, the pair were seen holding hands at a star-studded event in NYC honoring director Mike Nichols — and only two days later, Jennifer was photographed lugging a large suitcase into the *Mad Men* actor's Los Angeles home. "She's been spending the night at Jon's house for a while now...they aren't even trying to hide it," reveals a source. "They are still very much in love."

### Emma Roberts & Evan Peters

Fans were shocked when the Tinseltown cuties called off their engagement in June following a three-year courtship. But it appears their hiatus was more of a break than a breakup. After reuniting on the set of *American Horror Story: Freak Show*, the pair realized they still had strong feelings for each other despite their volatile past. (In 2013, Emma was arrested for domestic violence after allegedly striking Evan during a heated argument in Montreal.) "She's really calmed down since then," says a source. "He really does love Emma and thinks they are perfect together, so he's willing to give things another go."

## MAKING LOVE, NOT WAR

## ABSENCE MAKES THE HEART GROW FONDER

### Michael Fassbender & Alicia Vikander

Their relationship may have been short-lived (the duo dated for less than a year), but the pair just can't seem to stay away from each other, despite their tumultuous past. "Michael is very hot-tempered — they fought constantly," claims an insider. "Alicia could calm him down most of the time, but it got old." Not that old, apparently. In October, the *Anna Karenina* actress was spotted attending the premiere of *Jobs* to support her ex-beau, leading pals to believe that a reconciliation was in the works. "He's really trying to win her back," adds the insider. "It looks like she's ready to give him another chance." ★

# Blake's AMAZING POSTBABY BIKINI BODY!

STAR REVEALS HOW THE BLONDE BOMBSHELL WHIPPED HERSELF INTO THE BEST SHAPE OF HER LIFE.

**B**LAKE LIVELY was the talk of Tinseltown a couple weeks ago, when she debuted her incredible postbaby bikini body while filming scenes for her shark thriller *The Shallows* in Australia. How did she pull it off? Lots of determination and a little help from Hollywood trainer Don Saladino.

## THE FOOD

Breast-feeding her baby (a proven way to help keep off the pounds), Blake has to eat for two, so she hasn't restricted herself too much in the calorie department. Her four small, mostly gluten-free daily meals feature lean proteins like turkey, chicken and venison, along with vegetables. "This is about feeding a woman who's got a child and who's got to have certain nutrients in her body," says Don. "She's got to eat healthy. The way that we did it was the right way, and it wasn't through starving her." Blake also doesn't deny herself the occasional chocolate treat!

## THE FITNESS

Thanks to her diet and healthy eating while pregnant, Blake was already looking good on the red carpet shortly after giving birth. But to get the kind of slammin' bikini body her role required, she needed an edge.

That's where Don Saladino came in.

Blake was well aware she wouldn't be able to hide any flaws in this role, so she was prepared for Don to crack the whip. That meant working out an hour a day, six days week.

"We would do an upper-body workout Monday, lower-body Tuesday. Wednesday was a playful pool workout. Thursday was upper body, Friday lower body and Saturday we were focusing on the accessory movers: the arms, the shoulders," says Don.

By mixing up her routine, Blake was kept challenged and interested, doing everything from swimming laps to lifting weights, lunging, squatting and some serious ab work. "She went from gently working out once or twice a week to being able to do 300 crunches in 20 minutes and not break a sweat," says a friend. "It's amazing how quickly she was able to pick up the pace — and once she did, any extra pounds she was carrying just melted away." ★

## SNACK IT OFF!

Staying trim during the holidays can be so tough that some people just temporarily surrender to their urges, opting for a battle of the bulge come January. But it doesn't have to be that way. A great way to fight off both the temptation and the extra pounds is with SlimFast's new line of snacks. Clinically proven to help dieters lose weight and keep it off as part of the SlimFast Plan — which includes two meal replacements, three 100-calorie snacks and one healthy meal — the snacks include Snack Bites, Baked Crisps and Drizzled Crisps. Packed with protein and fiber, the snacks come in delicious flavors both sweet (Cinnamon Bun Swirl, Peanut Butter & Chocolate, S'mores) and savory (Sour Cream and Onion, Mesquite BBQ). Not only do they offer a healthy alternative to the ever-present candy bowl, but each is only 100 calories!

### FOR A TONED MIDDLE

The holidays are a crazy time, with family, parties and work deadlines. An hour-long gym session may not be in the cards, but you can certainly fit in a daily core routine that will keep you looking slim and sexy throughout the season. It doesn't take a significant amount of time or money to reveal those abs, so let's get to it!

This routine combines high-intensity interval training and planks. The HIIT burns fat while at rest, builds lean muscle and improves your overall energy. The plank segment of the workout tones the entire body, targets every muscle in the core and burns more calories than traditional crunches or sit-ups. Plus planks are great for preventing injury.

**The Routine** Perform each exercise for 30 seconds. Rest for 15 seconds and then move on to the next exercise. Repeat the entire routine three times.

# Julia Roberts

The original *Pretty Woman* drops the glam to play a shattered FBI agent bent on avenging her daughter's murder.

**W**E may always think of her as "America's Sweetheart," but anyone expecting to see **Julia Roberts** as another feisty beauty in her newest film is in for a pleasant shock. In *Secret in Their Eyes*, she's pale, severe, haunted and almost unrecognizable as Jess, an FBI agent whose daughter is raped and brutally murdered. Julia spoke about what it was like to play a woman tormented by loss and living for vengeance.

**How did you become Jess, a character damaged by unthinkable tragedy?**

I felt like this character was written in such a clear way, and the biggest part of my preparation was figuring out what she looked like in the beginning, and what she looked like 13 years later, and then sort of constructing the performance around that, in a way. It was a unique approach. I don't think I've ever sort of tried to craft a character like this.

**Your husband was the cinematographer. Was it hard filming the Dumpster**

**scene where you find your daughter's body?**

People say, "It must have been so hard. You have children." I'm like, "This has nothing to do with me and my kids." I was trying to so fully and totally occupy Jess' life and her complete joyful devotion to this girl. When I think of the three of us in that Dumpster — it was so cold and we were just conjuring up this horror. It was one of those things we were all just wanting it to be the best of what we do.

**You just had a birthday. How do you feel?**

I don't think I had felt so happy on a birthday in quite a long while, and I think part of it is just, you know, the happy space that I'm lucky enough to occupy in the world, and with my family, and my friends, and I played mahjong all day. But also, you start to realize: what is the point in not being happy about anything? There's no value to it. There's no value to think, "Oh, my god, I'm 48, you know?" ★

Julia delivers a surprising performance as a character who's stricken and isolated after losing her daughter, but she's not alone. Chiwetel Ejiofor and Nicole Kidman provide superb support as fellow members of an elite investigative unit caught up in the chase.

Dick's 1962 award-winning novel. **Alexa Davalos** and **Luke Kleintank** star in this perilous plunge into a proxy world of three opposing sides — Imperial Japan on the West, Nazi Germany ruling the East and a neutral rebel resistance in the middle determined to procure freedom for all. *Friday, Nov. 20, on Amazon Prime*

### TV *American Music Awards*

Multifaceted talent **Jennifer Lopez** is sure to beguile the masses when she hosts this all-star extravaganza, featuring duet performances by "All About That Bass" singer **Meghan Trainor** and **Charlie Puth**, **Luke Bryan** and **Karen Fairchild** (of Grammy-winning country group Little Big Town) plus a slew of music's finest. # The Hunger Games: Mockingjay—Part 2

**Stars** Jennifer Lawrence, Donald Sutherland, Julianne Moore

**Story** By the fourth film in any series, it's hard to imagine someone buying a ticket who hasn't seen the first three movies. Yet even for fans, this fourth film will feel anticlimactic — and that's with more than one climax. Working for resistance president Coin (Moore), Katniss Everdeen (Lawrence) bristles at being used as a propaganda tool. So she goes AWOL with the intention of killing President Snow (Sutherland). But is Coin really pulling the strings the whole time? While some of the action is tense, too much filler makes an already long movie even longer. With every new sequence, your willingness to believe will shrink further.

**Verdict** This is one sequel too many. ★★☆☆

## M MOVIES

# Carol

**Stars** Rooney Mara, Cate Blanchett, Kyle Chandler, Jack Lacy

No one examines repressive society better than director **Todd Haynes** (*Far From Heaven*, *Mildred Pierce*). Working here from a novel by **Patricia Highsmith**, Haynes looks at the affair (in 1952 New York City) between a young department store clerk named Therese (Mara) and a well-off married woman named Carol (Blanchett). Carol is in the process of divorcing her husband (Chandler), who can't accept her sexual preference. Even as Carol and Therese flirt and fall in love, Carol's husband threatens her about custody of their daughter. Therese's boyfriend (Lacy), meanwhile, wants to marry her. Restrained, full of longing and emotionally devastating moments, this unusual love story is certain to earn Mara an Oscar nod and Blanchett potentially her third Academy Award.

**Verdict** You'll find it tragic, romantic and hopeful.

★★★★

## Extras

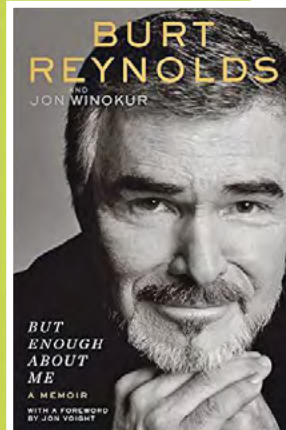

**Adele's** long-awaited third studio album, 25 — which has already broken records with the No. 1 hit "Hello" — debuts on Nov. 20, and it's sure to break the Internet too.

Is there no stopping **Eddie Redmayne**? His new film, *The Danish Girl*, based on the first male-to-female sex change, will be released on Nov. 27...and it's already getting Oscar buzz.

In a true Movember moment, 1970s leading man **Burt Reynolds** comes clean about his many lovers, friends and enemies in his new memoir, which hits bookshelves Nov. 17.

# T TELEVISION

## Marvel's Jessica Jones

Premieres Friday, Nov. 20, on Netflix

Here's yet another cog in the ever-expanding Marvel entertainment machine. **Krysten Ritter** (above, right) plays the title character, a former superhero who has given up that line of work to become a private eye in New York City. She takes on the case of a missing girl, which pulls her into the orbit of the supervillain Kilgrave (**David Tennant**), who once used his mind-control ability to make Jones his slave. It takes a couple of episodes for the plot to reveal itself, and there's lots of filler. What you get is Ritter (*Don't Trust the B---- in Apartment 23*) spinning fairly tame wisecracks for a presumably strictly Comic-Con audience. ★★★★★

## W/Bob and David

Premieres Friday, Nov. 13, on Netflix

Comedy is always subjective; one person laughs, another cringes. That was certainly the case with the cult sketch-comedy series *Mr. Show* with Bob and David. Now **Bob Odenkirk** (*Better Call Saul*) and David Cross (*Arrested Development*) have reteamed for four new episodes — and it's a welcome return. They edgily spoof all kinds of TV; cooking competition shows in “Shark Kitchen” and race relations (as seen from the Caucasian point of view) in another sketch. The strong supporting cast includes **Brian Posehn** and comedian **Paul F. Tompkins**. Warning: You'll either laugh yourself silly or reach for the remote. ★★★★★

Turns 23 on Nov. 23

## SAGITTARIUS NOV. 22–DEC. 21

The holidays can make everything seem more intense; be careful not to overreact. Put time aside for family, and leave long-standing issues in the past. An old friend can reappear to offer a hand.

## CAPRICORN DEC. 22–JAN. 19

If a discussion around work is delayed, take a break, enjoy the holiday and use the time to regroup. There are more important things than the office.

## AQUARIUS JAN. 20–FEB. 18

A serious decision can take place with a friend, and it could be about money. Looking for love? Spend time at your favorite charity, and a soul-to-soul connection could be under your nose.

## PISCES FEB. 19–MARCH 20

This is a month to be idealistic and a little realistic too. But don't spend all your time at work — spend quality time with those you love over the holiday.

## ARIES MARCH 21–APRIL 19

Don't react too strongly to a negative Nancy; this is a week to be grateful, to focus on peoples' positive attributes and look past shortcomings.

## TAURUS APRIL 20–MAY 20

With Thanksgiving approaching, it's a perfect time to let go of past hurts and old issues. Whether it concerns love or money, forgive and forget.

## GEMINI MAY 21–JUNE 20

The scene is set to move love to a new phase — and with the holidays season upon you, it's a great time to think happy thoughts. Consider discarding the old and embracing the new.

## CANCER JUNE 21–JULY 22

Your home is your sanctuary, and spending time with those you love can make you feel safe and secure. Changes at work can influence home — carefully consider your options. Remember, there is nothing more important in life than family.

## LEO JULY 23–AUG. 22

This is a time to follow your heart and walk the path of your dreams — and sharing your inner wishes with those you love can make it all worthwhile. Money matters may require working with someone else, but don't give up all control.

## VIRGO AUG. 23–SEPT. 22

Thanksgiving is a time for togetherness. You will want to ask your partner and family their advice, but remember: In the end, the decision is yours. When family works as a team, particularly with money, it can work out in a positive way.

## LIBRA SEPT. 23–OCT. 22

Stay open to communication to settle an old dispute. If you've been carrying a grudge, it's time to let it go, even if you have to agree to disagree. It is through differences that you get to know others. A creative venture can get the go-ahead.

## SCORPIO OCT. 23–NOV. 21

Make time this special week to reach out to someone in need. Life is about give and take; and there is no better time to rearrange your schedule to accommodate another person.

# Star BURNING Questions

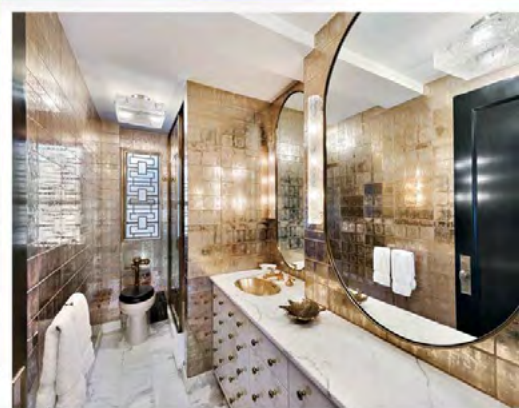

## Who would pay \$4.25 million for Cameron's pad?

Now that the **Cameron Diaz–Benji Madden** marriage seems to be sticking, she's ready to dump her single-girl digs in NYC's Greenwich Village. The 2,400-square-foot pad in a 1931 building has only two bedrooms — but does boast ample closet space and décor by Hollywood interior designer Kelly Wearstler. So if a gold-walled bathroom, an emerald-green kitchen and a literal hall of mirrors suits your taste, pony up for Cam's place! ★

The living room of Cameron's bachelorette pad has a light, cushy couch and a fireplace.

## Why was Woody Harrelson wearing PJs at a premiere?

**Woody Harrelson** had no qualms about showing up for a Paris photo call to promote the final *Hunger Games* installment, *Mockingjay — Part 2*. But he must have slept through his alarm, since he appeared in PJs and stocking feet to pose with costars and crew, including **Jennifer Lawrence**, **Liam Hemsworth**, **Josh Hutcherson** and director **Francis Lawrence**. Much was made about his literally laid-back style statement in the fashion capital of the world, but Woody simply quipped: "Hippie motto: Peace, love and comfort." And he did don a proper suit and button-down shirt (no tie though!) for the actual premiere later that evening. Still, at the photo op, JLaw, all dolled up in angelic white, seemed a bit appalled that Woody was so under dressed. Let's just be grateful that Woody doesn't sleep in the nude! ★

## Why Spurgeon?

As if the poor kid won't have enough problems growing up in this scandalized family! **Jessa Duggar** and husband **Ben Seewald** decided to name their first child Spurgeon. The proud parents say it's in honor of 19th century preacher Charles Spurgeon — a Baptist who back then was the best-known man of the cloth in England. But wouldn't it have been wiser to simply go with Charles? ★

## Is 50 Cent gay?

**Vivica A. Fox**, the rapper's ex, seems to think so! During her appearance on *Watch What Happens Live*, Vivica was asked her opinion on **50 Cent** blaming *Empire's* ratings dip on "gay stuff." The actress, who's on the hip-hop melodrama this season, commented that it was a case of "the pot calling

the kettle black," and remarked that on an **XXL** magazine cover featuring 50 Cent and **Soulja Boy**, he "looks like a booty snatcher to me!" ★

## What tattoo is on Kylie Jenner's butt?

Her dad, **Caitlyn**, just got a Woman of the Year award from *Glamour* magazine, and her sister **Kendall** recently strutted in her first Victoria's Secret fashion show. So how did **Kylie** keep up with the Jenners? By getting a cryptic message inked on her posterior by famed tattoo artist **Keith "Bang Bang" McCurdy**. Too bad the lettering was illegible! ★
